Organizational Leadership

Students in organizational leadership are educated to become creative leaders of change. Organizational leadership educates students to provide leadership for the development, implementation and evaluation of strategies, programs and policies that are socially responsible. Students learn to blend their knowledge of leadership, behavior, and policy to mobilize change in organizations. The program uses distinctive and challenging curriculum that integrates theory with practice, university with community, personal success with ethical service to others, and information technology with creativity, empathy, and democracy.
